

JOHN DIETRICH, RLA, ASLA
Principal Landscape Architect

Overview of Professional Qualifications

John Dietrich is a Principal Landscape Architect with over 29 years of experience in the landscape architecture profession. He has extensive project experience in both the private and public sectors, with an emphasis in complex commercial/retail centers and mixed-use redevelopment projects, master planning and streetscape developments. Mr. Dietrich has a background in municipal planning, which provides clients with an experienced professional to guide a project through the governmental approval process. John is personally committed to delivering quality-based integrated developments that surpass clients' expectations and satisfies the local ordinance constraints.

Project Experience:

Selected examples of Mr. Dietrich's project experience include:

- *Commercial Developments* - Mr. Dietrich has represented RLK as the Principal-in-Charge of developed commercial/retail projects throughout Minnesota and the Upper Midwest. His projects include over 25 Target-Anchored developments for the Target Corporation and developers, complex site development projects which demanded coordination of survey, platting, transportation, environmental documentation, site planning, landscape architecture design, building placement and presentation to agencies for approval.
- *Mixed-Use/Redevelopment Projects* – Crystal Shopping Center, Andover Marketplace, new and remodeled Super Target sites, Jim Lupient Auto Dealerships, Medica and Holiday Station stores.
- *Public Projects* – West River Parkway in Minneapolis, Village Creek in Brooklyn Park, Grand Marais Streetscape, Dean Lakes in Shakopee, Main Street in Hopkins.
